

Small Group Leader Covenant

Getting Together

Small Groups Centered Around God
Reaching Out to the World

OBJECTIVE

To facilitate the growth within a small group. To grow in relationship with one another and with God.

QUALIFICATIONS

• CHRISTLIKE-CHARACTER AND FAITH IN JESUS

As a leader I believe that Jesus is my Savior and my Lord, and I want to grow in my relationship to Him, listening to His voice, obeying His desire and call for my life, and growing in character to reflect His. While I have many flaws and imperfections, and always will, there is no sin that I am refusing to turn from, that would cause others to stumble in their faith. I am willing to be a model and an example to the others in my group and my church.

• CHEMISTRY AND UNITY

As a leader I commit to help draw out the gifts and abilities of others in my group. That means I should not do everything in my group. I should simply make sure that someone does them. I commit to working through the relational difficulties in my group, in order to build intimacy with God and one another. I also recognize my need for being connected to the other coaches, leaders, and groups in our church so that we can be united and work together to build God's Kingdom.

• COMPETENCY AND RELUCTANCY

As a leader I recognize that it is acceptable to be reluctant about my leadership gift...even the best leaders have been. Only when I am somewhat reluctant do I recognize that this is bigger than me, and I need God's strength to do it. Yet I also recognize that God will equip me to what He is calling me to do. And so I commit to grow towards competency in my leadership abilities by attending training sessions and engaging with a personal small group coach.

I commit to the above objective and qualifications
